## A Word of Appreciation

A. W. PETRE

FOR the tenth time, the Oshawa Skating Club presents its annual "Ice Frolics" to the citizens of Oshawa and District. We have always been grateful for the grand support you have accorded our show and hope that we may continue to merit your endorsement.

We would like to extend a very sincere "thank you" to the many people who have helped to make this show possible. To our guest artists, the Oshawa Arena management & staff, our Club Professional, the advertisers in this program and to all those willing helpers whose efforts enabled us to present "Ice Frolics of 1950" we address this note of appreciation and hope they receive satisfaction in the knowledge that they have contributed much to our effort in providing healthy and wholesome recreation for the young people of Oshawa.

A. W. PETRE,  
President.

*Professional Skater*

**OSHAWA SKATING CLUB**

Mrs. Unsworth came to Canada three years ago and last year had a complete season with the Oshawa Skating Club. Under her direction, the younger skaters made fine progress and the club grew in size and proficiency.

Nan Unsworth trained in Scotland where she won her British Inter-Gold Medal for proficiency in figures. She completed her training in England under Jacques Gerschwiler, outstanding skating teacher. She is an accomplished dancer and has a thorough knowledge of Ballet.

## *The Directors 1949-50*

Pictured on this page is the Directorate of the Oshawa Skating Club. These men and women have given freely of their time and experience in guiding the affairs of the local club. It is a hard and sometimes trying job to arrange a carnival of the magnitude of "Ice Frolics" as well as look after regular club business. This year's executive has done a marvellous job and with the assistance of Club Professional Nan Unsworth and Business Secretary Mrs. G. Authors are to be congratulated on the results of their efforts.

"Now you can really have 'skin like silk'!"

Silk-Film

**Her two fabulous  
new foundations  
blended with pure silk!**

Poets throughout the ages have sung of skin like silk . . . and Helena Rubinstein has gone to the source of silk itself to give your skin the *look* of silk . . . the *feel* of silk . . . the long-lasting *beauty* of silk!

Who but Helena Rubinstein, with her dynamic imagination and years of cosmetic research would pulverize millions of silk filaments . . . homogenize them with velvety creams and rich oils . . . to capture all the spectacular beauty of silk in two fabulous new make-up foundations—like no other foundations on earth!

**Silk-Film . . .**

**THE SILK-IN-CREAM FOUNDATION.** Silken film of perfection! You'll delight in its silken texture, its lighter feeling . . . for this cream is actually buoyed up by air-light silk filaments! It spreads more quickly . . . easily . . . evenly . . . with no coarseness to cake. And you'll marvel at the magnetic way powder clings . . . hours longer! In a brilliantly designed palm-fitting disc, ideal to carry in your purse. 1.50

**Silk-Tone . . .**

**THE LIQUID SILK FOUNDATION.** Sheerest, most gossamer veil for your complexion! So smoothly absorbed, its lovely tint and silken texture instantly become part of your skin . . . never look "put on." Yet so adherent, not even air currents can easily detach its clinging bloom. Glorious on all skins . . . especially pampering for dry skins. 1.75

## SURVEY MADE OF MOTORISTS WHO HAVE BOUGHT B.F. GOODRICH TIRES IN THE PAST YEAR

**FREEDOM FROM PUNCTURES** — "I drove 37 miles with Seal-o-matic tube exposed to the road and it did not puncture. I'm certainly glad I switched to B.F. Goodrich." — R. W. Vaut, Ottawa, Ont.

**EXTRA BLOWOUT PROTECTION** — "Best tires I've ever had," says H. R. Pollock, Toronto, Ont. "B.F.G.'s are always dependable... with tougher tread and sidewalls for extra blowout protection."

**LONGER MILEAGE** — "I switched to B.F. Goodrich to get extra mileage and have not been disappointed. After long, hard driving, treads are still good." — Don Sinclair, East Riverside, N.B.

**SMOOTHER RIDING** — "My car rides smoother on B.F. Goodrich tires. They absorb more road shock, maintain correct air pressure and need little attention." — R. Knox Ferguson, London, Ont.

**DEPENDABLE PERFORMANCE** — "I have driven on B.F. Goodrich tires since 1936 and have always enjoyed long wear and trouble-free performance." — Peter W. Waslik, Winnipeg, Man.

# 3 out of 5 SWITCHED TO B.F. Goodrich FROM SOME OTHER BRAND

A NATION-WIDE SURVEY by an independent research organization shows that three out of every five Canadian motorists who bought B.F. Goodrich tires in the past year switched to B.F. Goodrich from some other brand! The reasons? Only B.F. Goodrich can give you extra blowout protection... plus longer mileage... plus smoother riding... PLUS FREEDOM FROM PUNCTURES!

### RESEARCH KEEPS B.F. GOODRICH FIRST IN RUBBER

B.F. Goodrich maintains a multi-million-dollar rubber research centre. B.F. Goodrich research produced the B.F.G. Seal-o-matic tube that seals punctures instantly... permanently... as you ride! B.F. Goodrich research developed the cooler-running, wear-resisting rubber compounds... the tougher cords... the improved body and tread design... that makes B.F. Goodrich Silvertown tires superior in performance, safety and value.

Get all the advantages of B.F. Goodrich research. Switch to B.F. Goodrich and enjoy trouble-free motoring. See your B.F. Goodrich dealer today. (Check the listings in the yellow pages of your phone book.)

For a super-comfort ride, ask for B.F.G. Extra Cushion Tires.

Makers of Tires, Batteries, Automotive Accessories, Rubber Footwear, Industrial Rubber Products and Koroseal.

ONLY  
B.F. Goodrich GIVES  
FREEDOM FROM  
PUNCTURES

### Manufacturers, too, choose B.F. Goodrich

If your new car, truck or tractor is equipped with B.F. Goodrich tires, take advantage of your dealer's free tire inspection service. This will assure you of getting the long, trouble-free mileage built into all B.F. Goodrich tires.

# THE MECHANICAL DIFFICULTIES OF YOUR CAR

Can Now Be Corrected

More Accurately...More Quickly...More Economically

The Front End Alignment Machine (left) and Engine Analysis Equipment (right) are new additions to our Service Department Equipment, and are the very best that is available today. The men who are operating these machines have had a total of 22 years experience.

Our front end alignment prices are reasonable and compare very favourably with prevailing rates in the district . . . whether it be a check, a minor adjustment or a major correction. Come in and actually see the alignment of your car being corrected and feel the improvement of driving when you go out.

To accurately and scientifically diagnose the condition of the engine of your car, our charge is \$2.50. This includes a minor engine tune-up and a report on combustion efficiency, compression, vacuum, carburetion, ignition, distributor, generator and fuel pump and brakes.

# Marvelube

## CANADA'S LARGEST SELLING MOTOR OIL

For years, more Canadian motorists have been buying Marvelube than any other motor oil. Marvelube is "tops" in the qualities needed in a good oil. It keeps engines amazingly clean and gives outstanding protection at both high and low temperatures, and remember—it sells at non-premium price.

We're proud to recommend Marvelube for *your* car. It's the leader—and it's made by Canada's leading oil company—Imperial Oil Limited.
